**NOACA**

Coordinating Agency (NOACA) is a transportation and environmental planning agency that represents state, county, city, village, and township officials in Greater Cleveland. NOACA addresses the transportation, air quality, and water quality needs of Cuyahoga, Geauga, Lake, Lorain, and Medina counties. The agency and its partners cooperatively develop and implement plans to ensure that travel throughout the region is safe, cost-effective, and environmentally sound. NOACA's vision is to STRENGTHEN regional cohesion, PRESERVE existing infrastructure, and BUILD a sustainable multimodal transportation system to SUPPORT economic development and ENHANCE quality of life in Northeast Ohio. To learn more about bicycle planning at NOACA, check our website at [noaca.org/bikeped](http://noaca.org/bikeped).

Please let us know if this map is useful to you by taking a short survey online at [www.surveymonkey.com/r/NOACAMAP](http://www.surveymonkey.com/r/NOACAMAP)

NOACA is pleased to partner with your local organization to bring you this map. Place your local bike organization sticker here:

This map was developed by NOACA, with excerpts from Bike Cleveland's Biking in Cleveland Guide. Illustrations are by Julia Kuo. Cover photo by Bike Medina County. Data to develop the map was provided by NOACA; the Medina County Bicycle Transportation Task Force; the Medina County Parks District; the Medina County Visitors Bureau; the cities of Brunswick, Medina, and Wadsworth; and the Cleveland Metroparks. Special thanks to the bicycle shops of Medina County that hosted activities to develop the recommended rides shown on the map.

**Disclaimer:**  
No warranty is made or intended as to the safety or fitness of the highways, roads, streets, paths, or other byways for bicycle travel. These are merely suggestions and require the exercise of caution and discretion by an individual. The State of Ohio, its counties, cities, and other subdivisions as well as their elected officials, officers, and employees disclaim any responsibility whatsoever and shall not be liable in any manner for loss, damage, or injury occasioned by bicyclists who, of their own volition, travel along the highways, roads, streets, paths, or other byways of Ohio.

This map is a living document, and new facilities are being added all the time. The map on NOACA's GIS Portal will be updated regularly, and the paper map will be updated every three years. **CHILDREN & BEGINNERS**  
Roads for all ages. These roads tend to be neighborhood streets with low speeds and very little traffic.

**MOST ADULTS**  
Roads for most adults. These roads have low speeds and low traffic volumes. Most adults and supervised children will find these roads comfortable.

**CONFIDENT CYCLISTS**  
Roads for confident cyclists. These roads have higher speeds (at least 35 MPH) with low traffic or may have lower speeds with higher amounts of traffic.

**EXPERTS ONLY**  
Roads for expert cyclists. This is the greatest stress level. Roads tend to be multi-lane, higher speeds, and higher volume.

**FRONT AND REAR BIKE LIGHTS AT NIGHT ARE STATE LAW AND ARE HELPFUL IN DAYLIGHT TOO!**

## BIKE FACILITIES

### Trails & Side Paths

Off-road facilities intended exclusively for bicycles and pedestrians. The majority of trails and side paths accommodate both user groups, so cyclists should expect slower-moving persons.

### Bike Lanes

Bike Lanes are distinguished from motor vehicle traffic by a single white line. Direction of travel is indicated by arrows marking the lane.

### Routes and Sharrows

Bike routes are typically identified with signs, while a sharrow is a bicycle symbol paired with a double chevron marked onto the pavement. Routes and sharrows both remind motorists to expect cyclists on the road.

### Recommended Rides

Roads without designated bike infrastructure, but are low speed and primarily residential. The recommended rides are designed for beginner cyclists and connect to many local destinations.

### DO YOU KNOW ABOUT THE 3 FOOT LAW?

3 FEET!

**PASS  
MIN 3 FT**

Motorists are required to pass cyclists with a minimum distance of three feet thanks to Ohio law. There are over 50 signs in Medina County being installed in 2019 that remind motorists of this law, thanks to the work of Bike Medina County! Can you find them all?

## SAFETY TIPS

**RIDE ON THE ROAD**  
Let pedestrians rule the sidewalk, ride in the road.

**TAKE THE LANE**  
Ride as far to the right as is safe, but take the lane when cars cannot pass you safely. Travel in a straight line, be visible, do not weave in and out of parked cars or ride between lanes of moving traffic (ORC 4511.55).

**BE BRIGHT**  
Cyclists must use bike lights at night: white for the front, red for the back (ORC 4511.56).

**RIDE WITH CONFIDENCE**  
Make eye contact with motorists and then signal your intentions to earn their respect. Vehicles must pass with a safe distance of at least three feet (ORC 4511.27.A3).

**FOLLOW THE RULES OF THE ROAD**  
Bikes are legal vehicles and should be treated and act as such (ORC 4511.01).

**RIDE WITH THE FLOW**  
Ride with the flow of traffic (ORC 4511.25).

**BE PREDICTABLE**  
Use hand signals when turning and stopping if it is safe to do so (ORC 4511.39).

**FIND A BIKE BUDDY**  
If you are new to cycling, ride with a friend. If your friend is new, offer to take them on a ride to "show them the ropes."
