MEMORANDUM

DATE: February 1, 2024
TO: Historic Preservation Board
FROM: Andrew Dutton, Community Development Director
SUBJECT: H21-05 Extension

Certificate of Appropriateness application H21-05, a request by Anthony Cerny for a four story mixed use building and the demolition of an existing building at 135 West Liberty Street, was approved by the Historic Preservation Board on April 8, 2021. Per Section 145.06(c), permits must be obtained and construction must commence within one year of the Certificate of Appropriateness approval unless the applicant receives an extension from the Board.

On March 11, 2022, an extension was granted by the Board requiring that permits must be obtained and construction must commence by April 8, 2023, or the Certificate of Appropriateness approval shall expire.

In addition, on March 9, 2023, plans were revised and an extension was granted by the Board requiring that permits must be obtained and construction must commence by April 8, 2024, or the Certificate of Appropriateness approval shall expire.

At this time, the Porter's Shoe Repair building on the site has been demolished. In addition, building plans have been submitted for the project for review by the City of Medina Building Department, however, a Building Permit has not been issued. The building plans do not include any substantive exterior changes to the building from the Certificate of Appropriateness approval.

Processes have been delayed on the project due to matters concerning the demolition of the Porter's Shoe building, assembling the property, acquiring easements, and other items. Therefore, the applicant has requested another extension for the project.

Staff recommends the granting of an extension to the Certificate of Appropriateness approval requiring that permits must be obtained and construction must commence by **April 8, 2025**, or the Certificate of Appropriateness approval shall expire.

Please let me know if you have any questions or need any further information regarding the request.
