Kimberly stated this is for the purpose of constructing a 90 unit 119,413 sq. ft. Independent Living Facility located at 629 North Huntington St. This will be an investment of \$15.5 million into this project. The agreement will provide Echelon Independent Living Operations with a grant up to 40% of new payroll taxes to

the City of Medina for 3 years. The roll was called and Ordinance/Resolution No. 144-17 passed by the yeas votes of D. Simpson, B. Hilberg, M. Kolesar, B. Lamb, P. Rose, and J. Shields.

**Ord. 145-17**

**An Ordinance authorizing the Job Creation Grant Agreement for Echelon of Medina – Echelon Assisted Living Operations, LLC.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 145-17, seconded by Mr. Kolesar. Kimberly stated this is for the purpose of constructing a 98 bed 80,675 sq. ft. Assisted Living and Memory Care Facility located at 630 North Huntington St. Echelon of Medina – Echelon Assisted Living Operations, LLC will have an investment of \$12,250,000 in this project. This agreement will provide Echelon of Medina – Echelon Assisted Living Operations, LLC with a grant of up to 40% of new payroll taxes to the City of Medina for 3 years. The roll was called and Ordinance/Resolution No. 145-17 passed by the yeas votes of B. Hilberg, M. Kolesar, B. Lamb, P. Rose, J. Shields, and D. Simpson.

**Ord. 146-17**

**An Ordinance declaring the improvements to certain real property within the City to be a public purpose; describing the public improvements to be made to directly benefit such parcels; exempting such improvements from ad valorem real property taxes; authorizing the execution of a Revenue Sharing Agreement with the Medina City School District; and establishing a Municipal Improvement Tax Increment Equivalent Fund for the deposit of the service payments in Lieu of ad valorem property taxes, all pursuant to Sections 5709.40, 5709.42 and 5709.43 of the Revised Code.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 146-17, seconded by Mr. Kolesar. Mr. Simpson moved that the emergency clause be added to Ordinance/Resolution No. 146-17, seconded by Mr. Rose. Mr. Coyne stated they received a grant for the construction of a municipal or other parking structure in the downtown area of \$1 million dollars from the State of Ohio and the estimated cost for the construction of the new parking deck, which will be located here south of City Hall going towards Liberty Street, will be approximately 200 parking spaces. In order to finance this, the City will have to come up with an additional \$2.5 million. We have discussed various options and came up with the solution of implementing a TIF arrangement, a Tax Increment Financing, which means that any improvement made on certain parcels around the square that were designated to be in the TIF district, the incremental increase in tax value would be used to pay down the amount of money that would be advanced by the City of Medina. A development spurred by the parking structure would be the old Medina Chamber of Commerce parcel which is some retail and residential apartments being constructed at the corner of Friendship and N. Court St. which would enable certain tax dollars to be used to pay towards the parking deck. Another would be a parcel carved off by the City of Medina fronting Liberty Street sold or leased to a developer to build retail restaurant and apartment, and this investment is a larger one north of \$5 million dollars. They also reached an agreement with the Medina City Schools because this TIF is a longer than 10 year (30 year TIF) with a 50% share of the increase in taxes between the schools and the City. Mr. Coyne stated the ultimate goal here is to have the development pay for the parking deck and not the residents of the City of Medina pay for the parking deck. Kimberly explained the ordinance in front of Council this evening is to adopt the TIF, the TIF parcels and the Revenue Sharing Agreement with Medina City Schools. Kimberly stated the Parking Facility is estimated to cost about \$3.5 million dollars and the grant is for \$1 million to help offset that cost. The remaining

portion of the parking deck can be paid for by an internal advance with costs being recouped as a result of the TIF Program. The Medina City School Board met and voted to approve moving forward with the TIF. Kimberly will email a copy of the feasibility study to councilmen if they want. She put together an executive summary for the media outlining exactly what we are doing. Emergency clause is needed because they are working on the application and they have to review and approve the project for us to receive those funds and we want to submit that mid-October. Mr. Shields will abstain from voting due to his connection with the Medina City Schools. Mr. Kolesar will be voting no because he is not in favor of this project, in general he doesn't feel the need for a second parking deck. He feels this parking deck down the road will not meet the needs for the future development across the way and tying that large block into this project gives him concern. The roll was called on adding the emergency clause and failed by the yea votes of B. Lamb, P. Rose, D. Simpson, and B. Hilberg (5-1-1) J. Shields abstained and M. Kolesar cast a nay vote. The roll was called and Ordinance/Resolution No. 146-17 passed with the yea votes of B. Lamb, P. Rose, D. Simpson, and B. Hilberg. J. Shields abstained and M. Kolesar cast a nay vote.

**Ord. 147-17**

**An Ordinance amending Chapter 1335 of the Codified Ordinances of the City of Medina, Ohio relative to the adoption of the 2017 Edition of the Ohio Building Code and Related Codes.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 147-17, seconded by Mr. Kolesar. Mr. Gladish explained the State of Ohio Board of Building Standards will be adopting a newer version of the Ohio Building Code for commercial buildings and the change will be from the 2011 Ohio Building Code and Related Codes to the 2017 Ohio Building Code and Related Codes. Being that we are a state certified building department, we are required to adopt and enforce these codes. The roll was called and Ordinance/Resolution No. 147-17 passed by the yea votes of P. Rose, J. Shields, D. Simpson, B. Hilberg, M. Kolesar, and B. Lamb.

**Ord. 148-17**

**An Ordinance to adopt, administer, and enforce a new Chapter 1345 of the Codified Ordinances of the City of Medina, Ohio relative to the 2017 Ohio Plumbing Code.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 148-17, seconded by Mr. Kolesar. Mr. Gladish explained the State of Ohio Board of Building Standards will be adopting a newer version of the Ohio Plumbing Code. This will be both for residential and commercial buildings, the change will be from the 2011 to the 2017 and they are required to adopt and enforce the new codes. The roll was called and Ordinance/Resolution No. 148-17 passed by the yea votes of J. Shields, D. Simpson, B. Hilberg, M. Kolesar, B. Lamb and P. Rose.

**Ord. 149-17**

**An Ordinance authorizing the Mayor to accept a Warranty Deed from Constance L. Shepperd for part of Medina City Lot #838 located on Harmony Street, to be used for municipal purposes.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 149-17, seconded by Mr. Kolesar. Mr. Huber stated this bridge culvert project involves shutting down a street. The project itself required encroachment on property owned by Ms. Shepperd. They worked out an agreement to acquire a small portion of her property to complete the property to complete the project at a cost of \$7,000.00 and this ordinance accepts the property we are acquiring to complete the project. The roll was called and Ordinance/Resolution No. 149-17 passed by the yea

votes of D. Simpson, B. Hilberg, M. Kolesar, B. Lamb, P. Rose, and J. Shields.

**Ord. 150-17**

**An Ordinance authorizing the Mayor to enter into an Agreement with Arcadis to allow installation of a monitoring well within the City Parking lot on South Court Street.**

**(Subject to Law Director's final approval of proposed language)** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 150-17, seconded by Mr. Kolesar. Mr. Patton states they received a request from Arcadis, an environmental consulting firm, to install this monitoring well. Entering into this agreement will allow them to construct this monitoring well on our property and they will be able to monitor it over a period of time. The roll was called and Ordinance/Resolution No. 150-17 passed by the yeas votes of B. Hilberg, M. Kolesar, B. Lamb, P. Rose, J. Shields, and D. Simpson.

**Ord. 151-17**

**An Ordinance amending Ordinance No. 167-16, passed December 12, 2016.**

**(Amendments to 2017 Budget)** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 151-17, seconded by Mr. Kolesar. Mr. Dirham stated the first one is an increase to the appropriations for a permit, this is the percentage of permit fees that we are required to pay to the State. We budget this each year but permits have been more extensive than previous years. The other two are donations from Mr. Morse for the Engine House painting, and the Kiwanis for the pool concessioner donation. The roll was called and Ordinance/Resolution No. 151-17 passed by the yeas votes of M. Kolesar, B. Lamb, P. Rose, J. Shields, D. Simpson, and B. Hilberg.

**Ord. 152-17**

**An Ordinance of the Council of the City of Medina, Ohio, certifying that when a municipal obligation was incurred sums were lawfully appropriated in the funds to satisfy the obligation and sufficient sums currently exist to satisfy this obligation.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 152-17, seconded by Mr. Kolesar. Mr. Simpson moved that the emergency clause be added to Ordinance/Resolution No. 152-17, seconded by Mr. Kolesar. Mr. Dirham stated the emergency clause is needed because the contractor has already done the work and needs to be paid. The purchase order was dated after the invoice date. The roll was called on adding the emergency clause and was approved by the yeas votes of P. Rose, J. Shields, D. Simpson, B. Hilberg, M. Kolesar, and B. Lamb. The roll was called and Ordinance/Resolution No. 152-17 was approved by the yeas votes of B. Lamb, P. Rose, J. Shields, D. Simpson, B. Hilberg, and M. Kolesar.

**Res. 153-17**

**A Resolution authorizing an Agreement for Grant Assistance from the State of Ohio, Ohio Facilities Construction Commission, relative to the Cultural Facilities Community Grant Program for the Medina Historic District Parking Facility Project.** Mr. Simpson moved for the adoption of Ordinance/Resolution No. 153-17, seconded by Mr. Rose. Mr. Simpson moved that the emergency clause be added to Ordinance/Resolution No. 153-17, seconded by Mr. Kolesar. Mr. Patton stated this Resolution has to do with the grant application discussed in Ordinance 146-17. In order for the City to acquire the funding they need to submit an application to the State of Ohio's Facilities Construction Commission for those funds. If authorized, this

Resolution will accomplish three things, authorize the Mayor to file the application, authorize Finance Director to submit a letter with that application stating the City share of funding is available and dedicated to the project, and if grant is awarded this will authorize the Mayor to accept the grant and enter it into the agreement required. Mr. Kolesar stated he will be voting no on this Resolution and is against a new parking deck and feels there are better options to spend the money on. Mr. Lamb stated he respects Mark's ideas and agrees they could use that kind of money on a lot of other projects, however, he is convinced that this project, if we fail, we will fail greatly, but he feels they will succeed and this project will send this City off into the new century. Mr. Shields stated he knows they are taking a chance with this, but he feels they tried to minimize the risk starting with the fact the State believed in this project enough to offer us \$1 million dollars. Looking at the history of the square and how vibrant it is right now, and we need to step forward, take the lead, and keep it vibrant for many years in the future. We are not doing this without knowing that we have very interested developers in these parcels. Jim feels it truly is for the best interest of Medina that we enter into this project and you have to take the gamble. The roll was called on adding the emergency clause and was approved by the yeas votes of D. Simpson, B. Hilberg, B. Lamb, P. Rose, and J. Shields. The roll was called and Ordinance/Resolution No. 153-17 was approved by the yeas votes of J. Shields, D. Simpson, B. Hilberg, B. Lamb and P. Rose.

**Council Comments:**

The Contractor shall submit to the LPA along with his Bid and Proposal, a complete list of proposed Subcontractors and possible alternates.

SECTION 15. Inspection of Work: The LPA shall at all times have access to the work. If the specifications, plans, instructions, laws, ordinances, community development standards, or any public authority requires any work to be specifically inspected, tested or approved, the Contractor shall give the LPA timely notice (at least 24 Hours notice) of its readiness for inspection and if the inspection is by another authority other than the LPA, the time fixed for such inspection. Inspections by the LPA shall be promptly made. If any work should be covered up without approval or consent of the LPA, it must, if required by the LPA, be uncovered for examination at the Contractor's expense. If such work should be found not in accordance with this contract, including incorporated plans and specifications, the Contractor shall pay such costs; provided, however, if the Contractor can show that the defect was not caused by him or his Subcontractors, then in that event, the Owner shall pay the cost of remedying the work. At all times, the Contractor shall permit the U.S. Government or its designee to examine and inspect the rehabilitation work.

SECTION 16. Rehabilitation Inspector(s): Rehabilitation Inspector(s) as designated by the LPA, shall be authorized to review all work done and materials furnished. Any necessary changes shall be adjusted as provided for in the Contract for changes in the work. If the Contractor knowingly performs work contrary to such laws, ordinances, etc., and without notice to the LPA, he shall bear all costs arising therefrom.     - (i) Development assistance provided pursuant to section 5 of the U.S. Housing Act of 1937 (1937 Act);
    - (ii) Operating assistance provided pursuant to section 9 of the 1937 Act; and
    - (iii) Modernization assistance provided pursuant to section 14 of the 1937 Act;
  - (2) Housing and community development assistance. Section 3 applies to training, employment, contracting and other economic opportunities arising in connection with the expenditure of housing assistance (including section 8 assistance, and including other housing assistance not administered by the Assistant Secretary of Housing) and

- (i) Housing rehabilitation (including reduction and abatement of lead-based paint hazards, but excluding routine maintenance, repair and replacement);
- (ii) Housing construction; and
- (iii) Other public construction.

(3) Thresholds—(i) No thresholds for section 3 covered public and Indian housing assistance. The requirements of this part apply to section 3 covered assistance provided to recipients, notwithstanding the amount of the assistance provided to the recipient. The requirements of this part apply to all contractors and subcontractors performing work in connection with projects and activities funded by public and Indian housing assistance covered by section 3, regardless of the amount of the contract or subcontract.

(ii) Thresholds for section 3 covered housing and community development assistance—(A) Recipient thresholds. (b) Applicability of section 3 to entire project or activity funded with section 3 assistance. The requirements of this part apply to the entire project or activity that is funded with section 3 covered assistance, regardless of whether the section 3 activity is fully or partially funded with section 3 covered assistance.

(c) Applicability to Indian housing authorities and Indian tribes. Indian housing authorities and tribes that receive HUD assistance described in paragraph (a) of this section shall comply with the procedures and requirements of this part to the maximum extent consistent with, but not in derogation of, compliance with section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450a(b)). (See 24 CFR part 905.)

(d) Other HUD assistance and other Federal assistance. Recipients, contractors and subcontractors that receive HUD assistance, not listed in paragraph (a) of this section, or other Federal assistance, are encouraged to provide, to the greatest extent feasible, training, employment, and contracting opportunities generated by the expenditure of this assistance to low- and very low-income persons, and business concerns owned by low- and very low income persons, or which employ low and very low-income persons.

The ACC must be in a form prescribed by HUD under which HUD agrees to provide assistance in the development, modernization and/or operation of a low income housing project under the 1937 Act, and the PHA or IHA agrees to develop, modernize and operate the project in compliance with all provisions of the ACC and the 1937 Act, and all HUD regulations and implementing requirements and procedures. With respect to section 3 covered housing and community development assistance, this term means all employment opportunities arising in connection with section 3 covered projects (as described in § 135.3(a)(2)), including management and administrative jobs connected with the section 3 covered project. Management and administrative jobs include architectural, engineering or related professional services required to prepare plans, drawings, specifications, or work write-ups; and jobs directly related to administrative support of these activities, e.g., construction manager, relocation specialist, payroll clerk, etc.

*Housing authority (HA)* means, collectively, public housing agency and Indian housing authority.

*Low-income person.* See the definition of "section 3 resident" in this section.

*Metropolitan area* means a metropolitan statistical area (MSA), as established by the Office of Management and Budget.

*Neighborhood area* means:

- (1) For HUD housing programs, a geographical location within the jurisdiction of a unit of general local government (but not the entire jurisdiction) designated in ordinances, or other local documents as a neighborhood, village, or similar geographical designation.
- (2) For HUD community development programs, see the definition, if provided, in the regulations for the applicable community development program, or the definition for this term in 24 CFR 570.204(c)(1).

*New hires* mean full-time employees for permanent, temporary or seasonal employment opportunities.

program to which section 3 applies and does not include contractors.

*Section 3* means section 3 of the Housing and Urban Development Act of 1968, as amended (42 U.S.C. 1701u). *Section 3 business concern* means a business concern, as defined in this section—

- (1) That is 51 percent or more owned by section 3 residents; or

- (3) That provides evidence of a commitment to subcontract in excess of 25 percent of the dollar award of all subcontracts to be awarded to business concerns that meet the qualifications set forth in paragraphs (1) or (2) in this definition of "section 3 business concern."

*Section 3 clause* means the contract provisions set forth in § 135.38.

*Section 3 covered activity* means any activity which is funded by section 3 covered assistance public and Indian housing assistance.

*Section 3 covered assistance* means: (1) Public and Indian housing development assistance provided pursuant to section 5 of the 1937 Act; (2) Public and Indian housing operating assistance provided pursuant to section 9 of the 1937 Act; (3) Public and Indian housing modernization assistance provided pursuant to section 14 of the 1937 Act; (4) Assistance provided under any HUD housing or community development program that is expended for work arising in connection with: (i) Housing rehabilitation (including reduction and abatement of lead-based paint hazards, but excluding routine maintenance, repair and replacement); (ii) Housing construction; or (iii) Other public construction project (which includes other buildings or improvements, regardless of ownership).

*Section 3 covered contract* means a contract or subcontract (including a professional service contract) awarded by a recipient or contractor for work generated by the expenditure of section 3 covered assistance, or for work arising in connection with a section 3 covered project. "Section 3 covered contracts" do not include contracts awarded under HUD's procurement program, which are governed by the Federal Acquisition Regulation System (see 48 CFR, Chapter 1). "Section 3 covered contracts" also do not include contracts for the purchase of supplies and materials. However, whenever a contract for materials includes the installation of the materials, the contract constitutes a section 3 covered contract. For example, a contract for the purchase and installation of a furnace would be a section 3 covered contract because the contract is for work (i.e., the installation of the furnace) and thus is covered by section 3.

*Section 3 covered project* means the construction, reconstruction, conversion or rehabilitation of housing (including reduction and abatement of lead-based paint hazards), other public construction which includes buildings or improvements (regardless of ownership) assisted with housing or community development assistance.

*Section 3 joint venture.* See § 135.40.

*Section 3 resident* means: (1) A public housing resident; or (2) An individual who resides in the metropolitan area or nonmetropolitan county in which the section 3 covered assistance is expended, and who is—

- (i) A low-income person, as this term is defined in section 3(b)(2) of the 1937 Act (42 U.S.C. 1437a(b)(2)). Section 3(b)(2) of the 1937 Act defines this term to mean families (including single persons) whose incomes do not exceed 80 per centum of the median income for the area, as determined by the Secretary, with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 80 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of prevailing levels of construction costs or unusually high or low-income families; or
  - (ii) A very low-income person, as this term is defined in section 3(b)(2) of the 1937 Act (42 U.S.C. 1437a(b)(2)). Section 3(b)(2) of the 1937 Act (42 U.S.C. 1437a(b)(2)) defines this term to mean families (including single persons) whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families, except that the Secretary may establish income ceilings higher or lower than 50 per centum of the median for the area on the basis of the Secretary's findings that such variations are necessary because of unusually high or low family incomes.
- (3) A person seeking the training and employment preference provided by section 3 bears the responsibility of providing evidence (if requested) that the person is eligible for the preference.

*Section 8 assistance* means assistance provided under section 8 of the 1937 Act (42 U.S.C. 1437f) pursuant to 24 CFR part 882, subpart G.

*Service area* means the geographical area in which the persons benefiting from the section 3 covered project reside. The service area shall not extend beyond the unit of general local government in which the section 3 covered assistance is expended. In HUD's Indian housing programs, the service area, for IHAs established by an Indian tribe as a result of the exercise of the tribe's sovereign power, is limited to the area of tribal jurisdiction.

*Subcontractor* means any entity (other than a person who is an employee of the contractor) which has a contract with a contractor to undertake a portion of the contractor's obligation for the performance of work generated by the expenditure of section 3 covered assistance, or arising in connection with a section 3 covered project.

*Very low-income person.* See the definition of "section 3 resident" in this section.

*Youthbuild programs.* See the definition of "HUD Youthbuild programs" in this section.

[59 FR 33880, June 30, 1994, as amended at 61 FR 5206, Feb. 9, 1996]

#### § 135.7 Delegation of authority.

Except as may be otherwise provided in this part, the functions and responsibilities of the Secretary under section 3, and described in this part, are delegated to the Assistant Secretary for Fair Housing and Equal Opportunity. The Assistant Secretary is further authorized to redelegate functions and responsibilities to other employees of HUD; provided however, that the authority to issue rules and

regulations under this part, which authority is delegated to the Assistant Secretary, may not be redelegated by the Assistant Secretary.

**§ 135.9 Requirements applicable to HUD NOFAs for section 3 covered programs.**

(a) Certification of compliance with part 135. All notices of funding availability (NOFAs) issued by HUD that announce the availability of funding covered by section 3 shall include a provision in the NOFA that notifies applicants that section 3 and the regulations in part 135 are applicable to funding awards made under the NOFA. Additionally the NOFA shall require as an application submission requirement (which may be specified in the NOFA or application kit) a certification by the applicant that the applicant will comply with the regulations in part 135. (For PHAs, this requirement will be met where a PHA Resolution in Support of the Application is submitted.) With respect to application evaluation, HUD will accept an applicant's certification unless there is evidence substantially challenging the certification.

(b) Statement of purpose in NOFAs. (1) For competitively awarded assistance in which the grants are for activities administered by an HIA, and those activities are anticipated to generate significant training, employment or contracting opportunities, the NOFA must include a statement that one of the purposes of the assistance is to give to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, job training, employment, contracting and other economic opportunities to section 3 residents and section 3 business concerns.

(2) For competitively awarded assistance involving housing rehabilitation, construction or other public construction, where the amount awarded to the applicant may exceed \$200,000, the NOFA must include a statement that one of the purposes of the assistance is to give, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, job training, employment, contracting and other economic opportunities to section 3 residents and section 3 business concerns.

(c) Section 3 as NOFA evaluation criteria. Where not otherwise precluded by statute, in the evaluation of applications for the award of assistance, consideration shall be given to the extent to which an applicant has demonstrated that it will train and employ section 3 residents and contract with section 3 business concerns for economic opportunities generated in connection with the assisted project or activity. The evaluation criteria to be utilized, and the rating points to be assigned, will be specified in the NOFA.

**§ 135.11 Other laws governing training, employment, and contracting.**

Other laws and requirements that are applicable or may be applicable to the economic opportunities generated from the expenditure of section 3 covered assistance include, but are not necessarily limited to those listed in this section.

(a) Procurement standards for States and local governments (24 CFR 85.36)—(1) General. Nothing in this part 135 prescribes specific methods of procurement. However, neither section 3 nor the requirements of this part 135 supersede the general requirement of 24 CFR 85.36(c) that all procurement transactions be conducted in a competitive manner. Consistent with 24 CFR 85.36(c)(2), section 3 is a Federal statute that expressly encourages, to the maximum extent feasible, a geographic preference in the evaluation of bids or proposals.

(2) Flexible Subsidy Program. Multifamily project mortgagors in the Flexible Subsidy Program are not required to utilize the methods of procurement in 24 CFR 85.36(d), and are not

permitted to utilize methods of procurement that would result in their award of a contract to a business concern that submits a bid higher than the lowest responsive bid. A multifamily project mortgagor, however, must ensure that, to the greatest extent feasible, the procurement practices it selects provide preference to section 3 business concerns.

(b) Procurement standards for other recipients (OMB Circular No. A-110). Nothing in this part prescribes specific methods of procurement for grants and other agreements with institutions of higher education, hospitals, and other nonprofit organizations. Consistent with the requirements set forth in OMB Circular No. A-110, section 3 is a Federal statute that expressly encourages a geographic preference in the evaluation of bids or proposals.

(c) Federal labor standards provisions. Certain construction contracts are subject to compliance with the requirement to pay prevailing wages determined under Davis-Bacon Act (40 U.S.C. 276a-276a-7) and implementing U.S. Department of Labor regulations in 29 CFR part 5. Additionally, certain HUD-assisted rehabilitation and maintenance activities on public and Indian housing developments are subject to compliance with the requirement to pay prevailing wage rates, as determined or adopted by HUD, to laborers and mechanics employed in this work. Apprentices and trainees may be utilized on this work only to the extent permitted under either Department of Labor regulations at 29 CFR part 5 or for work subject to HUD-determined prevailing wage rates, HUD policies and guidelines. These requirements include adherence to the wage rates and ratios of apprentices or trainees to journeymen set out in "approved apprenticeship and training programs," as described in paragraph (d) of this section.

(d) Approved apprenticeship and trainee programs. Certain apprenticeship and trainee programs have been approved by various Federal agencies. Approved apprenticeship and trainee programs include: an apprenticeship program approved by the Bureau of Apprenticeship and Training of the Department of Labor, or a State Apprenticeship Agency, or an on-the-job training program approved by the Bureau of Apprenticeship and Training, in accordance with the regulations at 29 CFR part 5; or a training program approved by HUD in accordance with HUD policies and guidelines, as applicable. Participation in an approved apprenticeship program does not, in and of itself, demonstrate compliance with the regulations of this part.

(e) Compliance with Executive Order 11246. Certain contractors covered by this part are subject to compliance with Executive Order 11246, as amended by Executive Order 12086, and the Department of Labor regulations issued pursuant thereto (41 CFR chapter 60) which provide that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of Federal or Federally-assisted construction contracts.

**Subpart B—Economic Opportunities for Section 3 Residents and Section 3 Business Concerns**

**§ 135.30 Numerical goals for meeting the greatest extent feasible requirement.**

(a) General. (1) Recipients and covered contractors may demonstrate compliance with the "greatest extent feasible" requirement of section 3 by meeting the numerical goals set forth in this section for providing training, employment, and contracting opportunities to section 3 residents and section 3 business concerns.

(2) The goals established in this section apply to the entire amount of section 3 covered assistance awarded to a

recipient in any Federal Fiscal Year (FY), commencing with the first FY following the effective date of this rule.

(3) For recipients that do not engage in training, or hiring, but award contracts to contractors that will engage in training, hiring, and subcontracting, recipients must ensure that, to the greatest extent feasible, contractors will provide training, employment, and contracting opportunities to section 3 residents and section 3 business concerns.

(4) The numerical goals established in this section represent minimum numerical targets.

(b) Training and employment. The numerical goals set forth in paragraph (b) of this section apply to new hires. The numerical goals reflect the aggregate hires. Efforts to employ section 3 residents, to the greatest extent feasible, should be made at all job levels.

(1) Numerical goals for section 3 covered public and Indian housing programs. Recipients of section 3 covered public and Indian housing assistance (as described in § 135.5) and their contractors and subcontractors may demonstrate compliance with this part by committing to employ section 3 residents as:

(i) 10 percent of the aggregate number of new hires for the one year period beginning in FY 1995;

(ii) 20 percent of the aggregate number of new hires for the one year period beginning in FY 1996;

(iii) 30 percent of the aggregate number of new hires for one year period beginning in FY 1997 and continuing thereafter.

(2) Numerical goals for other HUD programs covered by section 3. (i) Recipients of section 3 covered housing assistance provided under other HUD programs, and their contractors and subcontractors (unless the contract or subcontract awards do not meet the threshold specified in § 135.3(a)(3)) may demonstrate compliance with this part by committing to employ section 3 residents as 10 percent of the aggregate number of new hires for each year over the duration of the section 3 project;

(ii) Where a managing general partner or management agent is affiliated, in a given metropolitan area, with recipients of section 3 covered housing assistance, for an aggregate of 500 or more units in any fiscal year, the managing partner or management agent may demonstrate compliance with this part by committing to employ section 3 residents as:

(A) 10 percent of the aggregate number of new hires for the one year period beginning in FY 1995;

(B) 20 percent of the aggregate number of new hires for the one year period beginning in FY 1996;

(C) 30 percent of the aggregate number of new hires for the one year period beginning in FY 1997, and continuing thereafter.

(3) Recipients of section 3 covered community development assistance, and their contractors and subcontractors (unless the contract or subcontract awards do not meet the threshold specified in § 135.3(a)(3)) may demonstrate compliance with the requirements of this part by committing to employ section 3 residents as:

(i) 10 percent of the aggregate number of new hires for the one year period beginning in FY 1995;

(ii) 20 percent of the aggregate number of new hires for the one year period beginning in FY 1996; and

(iii) 30 percent of the aggregate number of new hires for the one year period beginning in FY 1997 and continuing thereafter.

(c) Contracts. Numerical goals set forth in paragraph (c) of this section apply to contracts awarded in connection with all section 3 covered projects and section 3 covered activities. Each recipient and contractor and subcontractor (unless the contract or subcontract awards do not meet the threshold specified in § 135.3(a)(3)) may demonstrate compliance with the requirements of this part by committing to award to section 3 business concerns:

(1) At least 10 percent of the total dollar amount of all section 3 covered contracts for building trades work for maintenance, repair, modernization or development of public or Indian housing, or for building trades work arising in connection with housing rehabilitation, housing construction and other public construction; and

(2) At least three (3) percent of the total dollar amount of all other section 3 covered contracts.

(d) Safe harbor and compliance determinations.

(1) In the absence of evidence to the contrary, a recipient that meets the minimum numerical goals set forth in this section will be considered to have complied with the section 3 preference requirements.

(2) In evaluating compliance under subpart D of this part, a recipient that has not met the numerical goals set forth in this section has the burden of demonstrating why it was not feasible to meet the numerical goals set forth in this section. Such justification may include impediments encountered despite actions taken. A recipient or contractor also can indicate other economic opportunities, such as those listed in § 135.40, which were provided in its efforts to comply with section 3 and the requirements of this part.

#### § 135.32 Responsibilities of the recipient.

Each recipient has the responsibility to comply with section 3 in its own operations, and ensure compliance in the operations of its contractors and subcontractors.

This responsibility includes but may not be necessarily limited to:

(a) Implementing procedures designed to notify section 3 residents about training and employment opportunities generated by section 3 covered assistance and section 3 business concerns about contracting opportunities generated by section 3 covered assistance;

(b) Notifying potential contractors for section 3 covered projects of the requirements of this part, and incorporating the section 3 clause set forth in § 135.38 in all solicitations and contracts.

(c) Facilitating the training and employment of section 3 residents and the award of contracts to section 3 business concerns by undertaking activities such as described in the Appendix to this part, as appropriate, to reach the goals set forth in § 135.30. Recipients, at their own discretion, may establish reasonable numerical goals for the training and employment of section 3 residents and contract award to section 3 business concerns that exceed those specified in § 135.30;

(d) Assisting and actively cooperating with the Assistant Secretary in obtaining the compliance of contractors and subcontractors with the requirements of this part, and refraining from entering into any contract with any contractor where the recipient has notice or knowledge that the contractor has been found in violation of the regulations in 24 CFR part 135.

(e) Documenting actions taken to comply with the requirements of this part, the results of actions taken and impediments, if any.

(f) A State or county which distributes funds for section 3 covered assistance to units of local governments, to the greatest extent feasible, must attempt to reach the numerical goals set forth in § 135.30 regardless of the number of local governments receiving funds from the section 3 covered assistance which meet the thresholds for applicability set forth at § 135.3. The State or county must inform units of local government to whom funds are distributed of the requirements of this part; assist local governments and their contractors in meeting the requirements and objectives of this part; and monitor the performance of local governments with respect to the objectives and requirements of this part.

**§ 135.34 Preference for section 3 residents in training and employment opportunities.**

(a) Order of providing preference. Recipients, contractors and subcontractors shall direct their efforts to provide, to the greatest extent feasible, training and employment opportunities generated from the expenditure of section 3 covered assistance to section 3 residents in the order of priority provided in paragraph (a) of this section.

(a) Order of providing preference. Recipients, contractors and subcontractors shall direct their efforts to award section

3 covered contracts, to the greatest extent feasible, to section 3 business concerns in the order of priority provided in paragraph (a) of this section.

(1) Public and Indian housing programs. In public and Indian housing programs, efforts shall be directed to award contracts to section 3 business concerns in the following order of priority:

(c) Ability to complete contract. A section 3 business concern seeking a contract or a subcontract shall submit evidence to the recipient, contractor, or subcontractor (as applicable), if requested, sufficient to demonstrate to the satisfaction of the party awarding the contract that the business concern is responsible and has the ability to perform successfully under the terms and conditions of the proposed contract. (The ability to perform successfully under the terms and conditions of the proposed contract is required of all contractors and subcontractors subject to the procurement standards of 24 CFR 85.36 (see 24 CFR 85.36(b)(8)).) This regulation requires consideration of, among other factors, the potential contractor's record in complying with public policy requirements. Section 3 compliance is a matter properly considered as part of this determination.

**§ 135.38 Section 3 clause.**

All section 3 covered contracts shall include the following clause (referred to as the section 3 clause):

A. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed

to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD's regulations in 24 CFR part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

E. The contractor will certify that any vacant employment positions, including training positions that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of section 3 and section 7(b) agree to comply with section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

#### § 135.40 Providing other economic opportunities.

(a) General. In accordance with the findings of the Congress, as stated in section 3, that other economic opportunities offer an effective means of empowering low-income persons, a recipient is encouraged to undertake efforts to provide to low-income persons economic opportunities other than training, employment, and contract awards, in connection with section 3 covered assistance.

(b) Other training and employment related opportunities. Other economic opportunities to train and employ section 3 residents include, but need not be limited to, use of "upward mobility", "bridge" and trainee positions to fill vacancies; hiring section 3 residents in management and maintenance

positions within other housing developments; and hiring section 3 residents in part-time positions.

(c) Other business related economic opportunities.

(i) A recipient or contractor may provide economic opportunities to establish, stabilize or expand section 3 business concerns, including micro-enterprises.

Such opportunities include, but are not limited to the formation of section 3 joint ventures, financial support for affiliating with franchise development, use of labor only contracts for building trades, purchase of supplies and materials from housing authority resident-owned businesses, purchase of materials and supplies from PHA resident-owned businesses and use of procedures under 24 CFR part 963 regarding HA contracts to HA resident-owned businesses. A recipient or contractor may employ these methods directly or may provide incentives to non-section 3 businesses to utilize such methods to provide other economic opportunities to low-income persons.

(2) A section 3 joint venture means an association of business concerns, one of which qualifies as a section 3 business concern, formed by written joint venture agreement to engage in and carry out a specific business venture for which purpose the business concerns combine their efforts, resources, and skills for joint profit, but not necessarily on a continuing or permanent basis for conducting business generally, and for which the section 3 business concern:

(i) is responsible for a clearly defined portion of the work to be performed and holds management responsibilities in the joint venture; and

(ii) Performs at least 25 percent of the work and is contractually entitled to compensation proportionate to its work.

**SUBJECT:** Dispute Resolution and Conflict Management Policy for Office of Community Development for housing rehabilitation and repair activities except for projects funded through the Ohio Housing Finance Agency.

**ISSUED:** July 1, 2013

**DISTRIBUTED TO:** Office of Community Development Award Recipients and their Affiliates

---

**PROGRAM POLICY**

The Office of Community Development is replacing the original Program Policy Notice to provide clarity and update the requirements of dispute resolution and conflict management for the Office of Community Development funded programs. This policy applies to all programs funded through the Office of Community Development's Residential Revitalization Section, Economic and Appalachian Development Section and the Supportive Housing Section. It does not apply to projects funded through the Ohio Housing Finance Agency. The Office of Community Development Dispute Resolution and Conflict Management Policy applies to all direct beneficiary-related housing rehabilitation, repair and construction projects completed with the Office of Community Development program funds and program income, beginning with grants funded in FY 2013.

**General Requirements**

To protect the interest of the parties involved in the Office of Community Development-funded housing activities, the Ohio Development Services Agency's Office of Community Development established the Dispute Resolution and Conflict Management Policy.

The policy outlines the responsibilities of the grantee, administrator, homeowners and contractors responsible for completing the Office of Community Development-funded projects. This policy applies only to those projects which include housing rehabilitation, repairs and construction. The grantee shall have appropriate procedures in place to address disputes arising from walkaway projects and/or non-construction activities. During the Office of Community Development's monitoring of a grant, compliance with this policy and local procedures will be confirmed.

The Office of Community Development will not entertain requests to intervene during a dispute. If it becomes necessary to proceed to arbitration, the arbitrator's decision is final and binding. No dispute or argument will be considered after this process is complete.

Recommendation: Most disputes can be prevented by all parties if there is a clear understanding of material quality standards and material selection limitations. Signed approval of material selection, color choices and change orders can assist in the prevention of a conflict.

To ensure that the appropriate parties are informed about the Dispute Resolution and Conflict Management Policy, grantees must provide a copy of the Dispute Resolution and Conflict Management Policy and Dispute Resolution Form to every administrator, rehabilitation/repair/construction client, contractor and when/if necessary any mediator and/or arbitrator. The grant administrator shall provide copies of the policy to both the client and contractor at the pre-construction conference and obtain their signatures acknowledging receipt, along with their complete understanding of the Dispute Resolution and Conflict Management Policy. By acknowledging receipt of the policy all parties agree to abide by the terms therein. A clause shall be incorporated in any rehabilitation/repair/construction contract referring to the Dispute Resolution and Conflict Management Policy. The original document must be maintained in the program's administrative file and copies provided to the homeowner and contractor.

The grantee is responsible for developing an alternative written method for communicating with an applicant if the applicant has a disability (e.g., physical, visual, hearing, speech and/or cognitive disability), is functionally illiterate, or has limited English proficiency and requests an accommodation. The grantee must also provide a copy of the written alternative method for communicating with a homeowner/applicant who is disabled to the administrator. For guidance regarding communicating with people with disabilities, visit <http://www.adata.org/ada-document-portal>. The cost of providing an accommodation to persons with a disability is the responsibility of the grantee.

The homeowner must understand their signature and date on the certification of completion verifies satisfaction of the contractor's workmanship and validates final payment. No complaints regarding workmanship will be accepted after that date. Failed items covered under the warranties should be handled by contacting the contractor directly, in writing if necessary, detailing all warranty items that need addressed, within 12 months of work completion. The grantee and program administrator have no obligation to assist with warranty work issues.

The cost of mediation and arbitration shall be borne by the grantee. Charges are eligible to be paid with active grant funds as soft costs, administration funds, or program income of the same activity source. If funds are not available, contact the Office of Community Development program representative for assistance in seeking other funding options.

Resolution of disputes shall follow the format described below.

#### **Dispute Resolution and Conflict Management Process**

1. If there is any dispute regarding the scope of work, workmanship or material quality/selection or any other discrepancy, the homeowner must notify the contractor immediately. If the contractor is not on site, the disputed work must stop and the contractor will be notified. Disputed work will not proceed until the issue is resolved.
2. Both the homeowner and contractor shall contact the administrator immediately when/if the dispute is not resolved between the contractor and the homeowner at step #1.
3. The administrator and/or grantee, rehabilitation specialist, contractor and the homeowner shall make a good faith effort to resolve the dispute at this time. If resolved, details of the dispute and resolution must be documented and signed at this time. The documentation will be placed in the client file.
4. If the dispute is not resolved at step #3, the homeowner must submit a written complaint to the grantee within five working days, on the Dispute Resolution Form provided.

**Note:** Disputed work that is necessary for the health and safety of the occupants, sanitary reasons or the protection of the structure and/or property, should proceed to the extent necessary to safeguard until the dispute is resolved.

5. Upon receipt of a written complaint, the administrator shall notify the grantee of the dispute. The grantee may attempt local resolution at this point, but in any case, shall require the administrator to respond in writing within 15 working days of receiving the complaint. Local resolution may be, but is not limited to, a review committee comprised of impartial members. Procedures for local resolution methods must be attached to this policy, and described in the grantee's local Policies and Procedures Manual.
6. The homeowner shall provide a statement, in writing, within 15 working days of the grantee's response date either accepting the proposed resolution or requesting mediation.
7. Within 15 working days of the date of the homeowner's response requesting mediation, the grantee and administrator shall provide the homeowner with the option of two dates for mediation.\*

\*The grantee may opt to proceed directly to arbitration.

#### **Mediator Responsibilities**

If the dispute cannot be resolved through negotiations with all parties, it may be submitted to mediation if the grantee chooses. The mediator is responsible for assisting the parties, impartially, in reaching an agreement on the disputed matter within 30 days of receiving the dispute.

The grantee may use the assistance of, but are not limited to, the Ohio Mediation Association to identify a mediator. The Ohio Mediation Association can be reached at P.O. Box 473, Columbus, Ohio, 43216, and can be contacted by telephone at (614) 321-7922, and by email at <http://mediateohio.org>.

#### **Arbitrator Responsibilities**

If the dispute cannot be resolved through negotiations with all parties or through the optional mediation process, the dispute **must** be submitted to arbitration. The arbitrator is responsible for providing a resolution to the dispute submitted by the applicant within 60 days of receiving the dispute.

The administrator may use the assistance of, but are not limited to, the American Arbitration Association. The American Arbitration Association is located at 250 East Fifth Street, Suite 330, Cincinnati, Ohio 45202-4173 and can be contacted by telephone at (513) 241-8434 or by fax at (513) 241-8437. For more information regarding the American Arbitration Association, visit <http://www.adr.org/>.

***The arbitrator's decision is final and binding. No dispute or argument will be considered after this process is complete.***

**We hereby acknowledge receipt of this copy of the *Dispute Resolution and Conflict Management Policy*. We understand and accept the outlined process for any and all disputes that may result from our involvement with the program.**

### **COMMUNITY HOUSING IMPACT AND PRESERVATION PROGRAM (PY 2016 CHIP)**

#### **HOME WRITTEN AGREEMENT**

PRIVATE OWNER REHAB ASSISTANCE

**NOTICE TO HOMEOWNER:** This AGREEMENT contains a number of requirements you must fulfill in exchange for the federal assistance you are receiving through the Home Investment Partnerships Program (HOME Program). You should read each paragraph carefully and ask questions regarding any sections you do not fully understand. This AGREEMENT will be enforced by a partially forgivable loan and mortgage as set forth below. You should be sure that you thoroughly understand these documents before you sign them.

THIS AGREEMENT made and entered into by and between CITY OF MEDINA (hereinafter referred to as "CITY") and Paul J. Taylor, (hereinafter referred to as "OWNER") for Private Owner Rehabilitation Assistance to the OWNER utilizing HOME Funds made available through a Community Housing Impact and Preservation ("CHIP") Grant obtained by City of Medina from the Ohio Development Services Agency, Office of Community Development for the residence at 914 Quincy Ct., Medina, Ohio.

OWNER attests and the CITY has verified that the OWNER qualifies as a low-income individual or household as defined by the HOME Program. "Low-income" is defined as an individual or household whose total income does not exceed 80% of the Area Median Income (AMI) as defined by HUD.

The County Auditor has valued the property at \$132,960. The after rehab value of the home will not exceed \$162,000 which is 95% of the maximum purchase price for assistance;

OWNER certifies that the residence at 914 Quincy Court, Medina, Ohio is OWNER's principal place of residence.

OWNER desires to rehabilitate, renovate, reduce lead-based paint hazards and improve the aforesaid premises. Pursuant to the HOME Program rules, the property that is the subject of this Agreement must meet the Ohio Development Services Agency, Office of Community Development Residential Rehabilitation Standards and all local code requirements.

OWNER understands that the purpose of the Private Owner Rehabilitation Program is to correct basic building code violations, health and safety issues including lead based paint hazards for qualified homeowners with household incomes at or below 80% of median income in City of Medina. Only single-family, owner-occupied housing units within the City's service area for the grant funds are eligible for this program.

The CITY will provide Private Owner Rehabilitation Assistance to OWNER in the form of a 5 year deferred, partially forgivable loan. The principal amount of the loan shall be reduced over the first five years by seventeen percent (17%) of the original principal balance of the Loan for each year the loan is outstanding. The interest rate for this loan is zero percent (0%). **No payment will be required so long as the applicant continues to live in and own the home.** The loan will be secured by a mortgage and promissory note with a declining repayment agreement. Should OWNER no longer reside in the home, the amount remaining due on the mortgage will be due and payable to City of Medina or the City of Brunswick (as identified on the executed mortgage).

This Agreement shall remain in force until satisfied as long as the home remains the principal residence of the OWNER. Should the OWNER not maintain the home as his/her principal residence, or rent or sell the residence to another party, the OWNER will be required to repay any amount that has not yet been forgiven as set forth in the Agreement, as of the day the home is no longer the principal place of residence of the OWNER.

OWNER(s) hereby agrees to the following terms and conditions in order to receive housing rehabilitation assistance.

1. Inspection. OWNER will allow inspection of the property by City of Medina, its designee and/or CHIP Program Staff, public building, electrical, plumbing and health department officials and inspectors, and contractors who are bidding on the proposed rehabilitation work during normal business hours.

Inspections will be made before, during and after completion of the rehabilitation work. All inspections will be made by appointment arranged in advance.

2. Competitive Bidding. OWNER has worked with City of Medina, its designee and/or CHIP Program Staff to seek competitive bids on OWNER's behalf from qualified contractors for all the rehabilitation work. Bids will be requested according to the procedures established by City of Medina, its designee and/or CHIP Program Staff and in accordance with federal, state and local laws.
3. Agreement with Contractor. OWNER agrees to enter into a Contract with the lowest and best bidder, normally to the low bidder. OWNER understands that OWNER may reject, in writing the low bidder in favor of the next highest bidder if in my opinion the low bidder does not possess the experience, skill or resources to satisfactorily complete the job, or the ability to proceed in a timely manner, or who has not visited my house, before preparing the bid.
4. Property Standards. Pursuant to HOME Program rules, as stated above, the property that is the subject of the Agreement must meet the Ohio Development Services Agency, Office of Community Development Residential Rehabilitation Standards and all local code requirements upon completion of the work funded by the CHIP Program's Private Owner Rehabilitation Program.
4. Homeowner Modifications. OWNER agrees **not** to make any changes to the home that will affect the estimate of repairs i.e. removing kitchen cabinets, removing carpeting, removing walls, etc. Doing so may result in denial of assistance.

5. Side Agreements. OWNER will refrain from making side agreements with the contractor for work not included in OWNER's Agreement with the Contractor, or not included in any written Change Orders approved by City of Medina, its designee and/or CHIP Program Staff until all work under the Contract is satisfactory and closing inspections are completed. City of Medina, its designee and/or CHIP Program Staff assumes no responsibility for the cost or quality of work not covered by the Agreement or approved by Change Orders.
6. Access. OWNER agrees to provide access to the contractor and subcontractors awarded the bid between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday (unless otherwise agreed to by the parties at the preconstruction meeting) in order to facilitate timely completion of the project.
6. Conflict of Interest. OWNER will not pay any bonus, commission or fee to anyone for the purpose of obtaining approval of any application for rehabilitation assistance. OWNER will not allow any member of the United States Congress or State government, elected official of the CITY or City of Medina employee who exercises any functions or responsibilities in connection with the administration of this Housing Rehabilitation Program to have any interest in or benefit from a rehabilitation loan or grant financed under my Agreement.
7. Non-Discrimination. OWNER will not discriminate in the sale, lease, rental use or occupancy of my property, as required by Title VI of the Civil Rights Act of 1964.
8. Maintenance of the Property. OWNER will make every reasonable effort to keep the property in safe, sound and habitable condition following completion of the rehabilitation work through the affordability period.
9. Hazard Insurance. OWNER will at all times during the duration of this Agreement maintain a valid and current insurance policy on the property rehabilitated in an amount based on its value after rehabilitation. Such insurance must be maintained throughout the term of the loan and shall carry an endorsement to the CITY.
10. Loan Subordination. OWNER agrees that the property is not available as a source of collateral for future loans when such loans require subordination of the CITY's loan. The CITY may subordinate its loan if, in its judgment, it is in the best interests of both the CITY and the OWNER and approved in writing.
11. Loan Repayment. OWNER agrees to execute a Promissory Note, Declining Payment Agreement and Mortgage. The specific terms governing the loan are contained in the Promissory Note, Declining Payment Agreement and the Truth-in-Lending Statement. OWNER understands that the terms of the loan include a declining repayment agreement with a 15% payback after the affordability period.
12. Right to Financial Privacy. The Federal Financial Act of 1978 guarantees financial confidentiality to persons requesting assistance directly or indirectly from the federal government. To comply with this law, the CITY must inform the rehabilitation client that no financial information will be disclosed or released to another government agency (except the Ohio Development Services Agency (ODSA) and the U.S. Department of Housing and Urban Development (HUD) which may review the file on a

monitoring visit) without the prior written consent of the client. Financial records involving my transaction will be available to ODSA and HUD without further notice or authorization, but will not be disclosed or released to another government agency or department without my consent except as required or permitted by law. Also, verification forms sent to other agencies for the purpose of determining my eligibility for the rehabilitation program must contain a signed Authorization to Release Information.
