CONTRACT FOR FIRE SERVICES
BETWEEN THE CITY OF MEDINA AND
MEDINA TOWNSHIP

ORD 223-24
Exh. A

This Agreement is made and concluded at Medina, Ohio by and between the City of Medina (hereinafter "the City") and the Township of Medina (hereinafter "the Township"), jointly, "the Parties" in accordance with Ohio Revised Code 9.60.

INTRODUCTION

The City operates a Fire Department (hereafter "Medina Fire Department"), and by agreement, has provided fire protection services to the Township. The parties enter into this fire protection agreement to replace all former fire protection agreements. The parties agree that their relationship pursuant to this Agreement shall be subject to the following terms and conditions:

TERMS AND CONDITIONS

1. The Medina Fire Department shall respond to all fire alarms generated as result of fires in the Township with the equipment and personnel deemed necessary and appropriate by the City, and to select EMS calls as approved by the Medina Hospital Medical Director. Medina will respond with equipment and personnel as expeditiously as possible under the circumstances. In no event will the City or Medina Fire Department be in default of this Agreement or if Medina Fire Department is not able to effectively combat a fire in Medina Township for any reason whatsoever, provided Medina has used its best efforts, given all of the circumstances, to combat the fire or provide rescue.
2. In accordance with Ohio Revised Code 9.60(E), Chapter 2744 of the Revised Code, as it is applicable to the operations of Medina and The Medina Fire Department shall apply to this agreement.
3. The effective date of this Agreement shall be January 1, 2025 and shall continue in full force and effect, unless terminated as otherwise provided for in this Agreement, until December 31, 2028.
4. This agreement covers current staffing Monday thru Sunday, 8 a.m. until midnight. This also includes the integration of overnight staffing, midnight to 8 a.m.
5. The Township agrees to pay the City for services as provided herein.

2025 - \$404,264	2026 - \$428,520	2027 - \$454,231	2028 - \$481,485
------------------	------------------	------------------	------------------

6. Medina shall invoice The Township for service fees in the month of January for each given year. The Township shall have thirty (30) days to pay the fees as invoiced by Medina.
7. The City shall have complete use of all fire apparatus and its deployment and all Township owned equipment. The City will provide general maintenance of the equipment. The City will pay the first \$5,000 for repair/maintenance. The Township will be responsible for costs over the \$5,000 threshold. This \$5,000 threshold shall reflect single item/issue repairs, not an aggregate repair amount. Any replacement/purchase of equipment or apparatus shall occur only by agreement between the City and the Township as to the necessity of cost and if purchase or replacement is needed. The Township may (at their expense) have a third-party inspection made of said equipment on an annual basis. The Township agrees to set aside reasonable funds to replace the fire apparatus and equipment as is reasonable. The City agrees to create a spreadsheet of anticipated replacement years for the fire trucks. (See Appendix A attached hereto.)
8. Township property/equipment deemed unnecessary can be taken out of service and returned to the Township for them to do with what they want. If equipment needs to be replaced or purchased, the Township needs a written request giving reasonable time for the Township to budget said request. This clause does not apply to equipment that must be purchased on an emergency basis provided both parties agree to the emergency purchase.
9. Township fire station located on Nettleton Road may be utilized by the City and Medina Fire Department during the duration of this agreement. The Township shall be responsible for maintenance and repair of the stations and associated real property unless damages or need for maintenance to the station building and/or real property is caused by the City or Medina Fire Department's negligence or negligent operation during use of the facility. Said maintenance shall include all utilities, cleaning and operating supplies. The City shall provide basic property maintenance: mowing /trimming of grass, snow/ice removal of sidewalks and area immediate to the station & bays. The City or Medina Fire Department shall maintain all apparatus in a clean and ready-to-operate condition.
10. The City shall at no additional fees provide the following administrative services:
 - (a) Fire inspections, enforcement of fire codes, review of plans for new construction projects and consultation with builders and developers, including participation in the Medina County Planning Commission meetings dealing with proposed new developments in The Township.
 - (b) Inspect residential properties to identify circumstances of risk to life or property at the request of the property owner or the Township.
 - (c) Assist in the development of a community relations program, including the following topics:
 - i. Public awareness and cooperation to manage the fire risk.
 - ii. Promote community understanding of the fire department.
 - iii. Fire safety education.
 - (d) Provide the Township with the necessary expertise and the services in the handling of hazardous material emergencies and other disasters.

- (e) Work with the Township in updating its emergency plan to identify the kinds of protection needed in the future.
 - (f) Fire hydrant inspections shall remain the sole responsibility of the Medina County Sanitary Engineer and/or the City of Medina Fire Department.
 - (g) Furnish the Township with written monthly reports outlining all Incident response and fire prevention activities in the Township for the preceding month.
 - (h) The Medina Fire Chief will appear before the Township Trustees as requested for cause, by the Trustees at a Trustee meeting and give an oral report of activities as requested by the Medina Township Trustees. This does not require the Chief to attend all township meetings.
11. It is understood and agreed by the parties that Medina has sole, exclusive control of its Fire Department budget. The Township may present budget suggestions to Medina prior to completion of the budgeting process.
12. Recognizing that demands for services and that the cost of services change over time, Medina and the Township agree that should either party feel that conditions of the contract are no longer to their advantage, either may notify the other of a desire to renegotiate this contract. The parties specifically recognize that if either party has a fire department that becomes full time, partial full time, or a part of a fire district, this contract will, in fact, be renegotiated. If either party terminates this contract, the Service Fee will be prorated up to the point of termination with the Township being reimbursed for the amount of the Service Fee not used after the date of termination of this contract.
13. This Agreement does not address, cover, or in any way relate to or involve fees and monies charged for police and/or fire dispatch responsibilities or duties, but the fee will cover fire dispatch.
14. Medina and Medina Township shall each maintain general liability insurance coverage in the aggregate amount of not less than \$3,000,000.00, with limits of no less than \$1,000,000.00 per incident, to cover liabilities associated with performance of duties under this agreement.
15. Either party may terminate this Agreement during its terms or any extension thereof upon duly authorized advance, written notice to the other party. Such termination shall be effective the last day of the sixth (6th) full month after receipt of notice.
16. This Agreement and any notices provided for herein are expressly contingent upon the passage of approving legislation by the Medina Township Trustees and by the Council of the City of Medina.

17. Any notice required by this Agreement shall be submitted to the parties as follows:
