Employment Opportunity with Kokosing Materials Inc.

Since 1980, Kokosing Materials, Inc. (KMI) has been a leader in the asphalt production industry. KMI is currently seeking an Asphalt Plant Equipment Parts Manager to join their team at 310 N. State Road. The Equipment Parts Manager is responsible for managing inventory levels, coordinating the procurement and distribution of parts, and ensuring timely availability to support production and service operations. This position involves analyzing usage trends, forecasting demand, maintaining accurate inventory records, and collaborating with suppliers and internal teams to optimize parts flow. The Equipment Parts Manager plays a key role in minimizing downtime, reducing excess inventory, and ensuring that the right parts are in the right place at the right time. This position would have a home location at the Medina plant location and is expected to travel to KMI's other plants regularly. For more information on this position and to apply, click [HERE](#).
