

MEDINA TALENT SEARCH

For Businesses and Job Seekers

June 3, 2026

Employment Opportunity with Kokosing Materials Inc.

Since 1980, Kokosing Materials, Inc. (KMI) has been a leader in the asphalt production industry. KMI is currently seeking an Electrical Project Engineer to join their team at 310 North State Road. The electrical project engineer role will be supporting a team for implementation of electrical systems for large scale industrial construction projects. They will be involved in mission critical projects, taking the project from pre-construction through final acceptance to successful completion. This position is directly responsible for project safety and quality, project budget, schedule, and job controls, vendor management, submittals, and procedures. Employment Opportunity with Candyapple & Co.

Candyapple & Co., maker of specialty hand-dipped candy and caramel apples, is seeking an additional delivery driver to join their team of drivers delivering their product with care and professionalism to grocery stores in Columbus. The role offers lots of independence, but you must be trustworthy and reliable. Most days will be 12 hours long, so Candyapple will buy you lunch. They ask that you start at the Medina shop at 4am in order to be delivering in Columbus by 6am. Typical work week will be 3 weekdays. You must have a good driving record, be insured, and have lots of music or podcasts to listen to! Candyapple will supply the delivery vehicle. Employment Opportunities with Fire-Dex

Fire-Dex, the fastest-growing manufacturer of PPE for first responders, is looking to add 1st and 2nd Shift Production Associates to their team at 780 S. Progress Drive. As a key member of their production team, you will be trained to operate industrial sewing machines while standing, working collaboratively to ensure both speed and precision. Your role will involve stitching together components of fire protection with care and accuracy, helping to deliver safe, effective gear to those who protect our communities. You do not need to know how to sew to join their production team. If you are hard working with a positive attitude, have good hand and eye coordination, the ability to multi-task, and are detail oriented, Fire-Dex can train you to operate their industrial sewing equipment and produce PPE! For more information and to apply, click [HERE](#).
