

The City of Medina Seeks Comments on an Urban Paving Project

The City of Medina in cooperation with the Ohio Department of Transportation is proposing the resurfacing of State Route 3 from Broadway Street to Huffman Road. The project also includes the installation of ADA curb ramps and pedestrian push buttons along the route. The project will be completed entirely within existing City of Medina owned right-of-way.

The City has initiated contact with emergency and other public services and will continue to coordinate with these services throughout construction.

Construction is anticipated to begin November 2027, and last through August 2028.

Written comments about the proposed project may be mailed to Patrick Patton, PE, City Engineer, 132 N. Elmwood Avenue, Medina, OH 44256. You can also contact the City by telephone (330) 722-9034 or by email ppatton@medinaoh.org.
